## Summary

---

Dedicated and results-oriented React-Js Developer with 2 years of experience in designing, developing, and maintaining robust web applications. Proficient in both front-end and back-end technologies, with expertise in the React-Js, Node Js about staying updated on emerging technologies and leveraging them to enhance application functionality. Seeking to bring technical expertise and innovative problem-solving skills to a dynamic development team.

## Experience

---

### **Cognizant Technology Solutions | Uttar Pradesh, Noida**

#### **Programmer Analyst | 07/2022 – Present**

- Develop dynamic and responsive user interfaces using React-Js. Implement features, user interactions, and UI components to enhance user experience.
- Utilize the Node Js, specifically express, for server-side development. Design and
- implement RESTful web services and APIs using axios.
- Implementing and writing unit test cases using selenium with java (Automation).
- Collaborate with front-end and back-end developers to ensure seamless integration of components.
- Implement data exchange and communication between the client and server.

### **Cognizant Technology Solutions | Uttar Pradesh, Noida**

#### **Programmer Analyst Trainee (Internship) | 02/2022-06/2022**

- Develop dynamic and responsive user interfaces using React JS.
- Implement features, user interactions, and UI components to enhance user experience.
- Utilize Node Js, specifically express, for server-side rendering.
- Design and implement RESTful web services and APIs using Node Js and axios.

## Skills

---

.React Js, HTML, CSS, Java, OOP, Selenium, Guidewire Insurance Suite

## Projects

---

### **TRU(Technical Risk Underwriters)**

- Utilize Angular framework to build dynamic and responsive user interfaces.
- Develop and implement new user-facing features.
- Create modular and reusable components using React js component-based architecture.
- Use third party libraries and observables for efficient data handling.
- Write clean, maintainable, and efficient HTML, CSS, and JavaScript code.

### **Portal (Policy Centre and Billing Centre)**

- Create modular and reusable components using React component-based architecture.
- Ensure a clear and logical separation of concerns in the front-end code of different policy transactions.
- Handle asynchronous operations and manage API responses effectively.
- Ensure that web applications work consistently across various browsers and platforms.
- Communicate with back-end services and APIs.

Education

---

Galgotia College Of Engineering And Technology | Greater Noida, Uttar Pradesh  
B.Tech | 09/2022

12|Central Academy School | Barabanki, Uttar-Pradesh

10|Central Academy School | Barabanki, Uttar-Pradesh
